Nobody shreds like **AUGUST BURNS RED.**

Over the course of their 20+ year career, the members of ABR have picked up on a thing or two about guitar tone.

Together with Tallon Electric, they leaned in on their wisdom and experience to design the ideal overdrive pedal.

The **ABR-OD** is the only overdrive on earth with the specific EQ, clipping, and tonal balances preferred by guitarists JB Brubaker, Brent Rambler, and Dustin Davidson.
