

SINCE 2010, ALBANY NEW YORK'S

STATE CHAMPS

have packed venues worldwide with fans singing along to pop-punk anthems like *Elevated* and *Secrets*.

While writing their 2024 self-titled album, guitarist **TYLER SZALKOWSKI** saw an opportunity to offer up a new way to tap into the band's signature sound. Partnering with Tallon Electric, he crafted a pedal that could capture his unique style and energy.

THE CHAMP blends raw analog distortion and lush polyphonic octaves, delivering the thick, articulate tone necessary to power through everything from bouncing breakdowns to soaring leads.
